Other local relevant groups that we are involved with, if any (e.g. landcare, field nats, sustainability, friends of, etc.):

The Reference Group for Connecting Country is made up of representatives from the member groups and agencies and other interested community members. It has an important role in providing direction for existing and future projects, as well as knowledge sharing. While the Reference Group meetings are primarily a forum for representatives of groups that are members of Connecting Country, other non-aligned Connecting Country members are also welcome to attend.

- Do you wish to be registered as a member of the Reference Group? Circle YES or NO

Connecting Country regularly update their website with new information regarding project progress, invitations for local events, requests for information and other relevant items.

- If you're not already on the website subscription list, would like to receive regular updates via email?
